### Newton Neighbourhood Plan Appendix 2c

## Amenities, Leisure and Recreation

### Data Analysis

Method: Questionnaire

Number of completed surveys returned = 102

Questionnaire
Amenity use
Desired amenities
Use of the village amenities by
young people

### **Newton Neighbourhood Plan Amenities Survey 2019**

#### Introduction

Dear Resident,

The Newton Neighbourhood Plan Team know from our early. informal survey that there are many features in and around our village that you value. Go help us develop the plan we need you to tell us about the amenities that you use currently and what you might like to have in the village in the future.

#### **Section A: Amenity use**

What do you use?	Daily	Weekly	Fortnightly	Monthly	Rarely
Recreation Ground					
Footpaths					
Church					
Village Hall					
Saracen's Head					
Allotments					
Golf Course					

Please list an informal sur	e amenities y	you use that w	ere not mentio	ned in our early

Section B What type of amenities would, in your opinion, enhance or improve the village?

Please list below

How often would you use the amenities that you have suggested?

#### Survey for 11 to 18 year olds

We are beginning to write a plan for our village that will help us to keep the things that we like and try to develop other amenities to make life even better for those who live in the village. It is important that we hear from our younger residents, we want to know what you like around the village and what you might like to have in the village in the future. We value your ideas and thoughts.

What do you use?	Daily	Weekly	Fortnightly	Monthly	Rarely
Playing field					
Play equipment					
Footpaths					
Village Hall					
Church					
Allotments					
Golf Course					

Think about what you like about Newton, please write down what it is you like

Now please tell us what you would like to be able to do in the village in the future and what the village would need to make happen.

## Amenities Survey 2019

Section C Survey of 11 to 18 year olds

#### **Village Amenities used by Young People**

A total of 16 young people completed the Amenity Survey for 11-18 year old and 9 completed the survey for younger children.

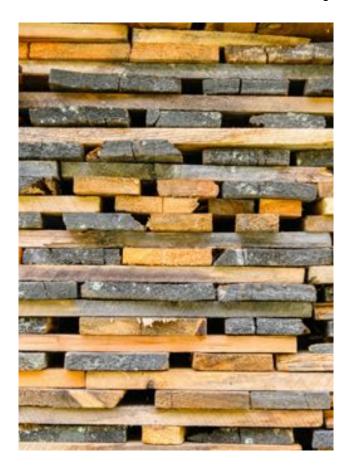

Younger children liked the park and being able to run around and ride bikes. They enjoyed dog walking and countryside views within a friendly community.

Their choice for other amenities would be for a tennis court, improved play equipment and a shop (not a fashion shop!). Other wishes were for a zebra crossing and footpaths avoiding the A134, a petting farm, more flowers, a music hall for learning instruments, basketball hoops and a cafe.

### Newton Neighbourhood Plan Appendix 2d

## Local Business Survey

Data Analysis

Method: Questionnaire

Number of completed surveys returned = 7

### The survey

Newton is surrounded by arable land and working farms.

In addition, there are 7 businesses and a small number of people working from home. Those working from home represent beauty and cosmetics, real estate, building work and garden maintenance.

#### This survey focussed on the 7 main businesses.

The Saracens Public House, established in 1700s
Maunders auctioneers relocated to the village in 2012
Newton Green Golf Course established in 1907
Mills Building Company established in 1970s
Perrywoods Garden Centre relocating to the village in 2018
Homefield Shed Builders
Farms (Butler's, Roger's and Hurrell's)

#### Areas covered by questionnaire and discussion:

- What is your business?
- How many people do you employ?
- How many people from the village do you employ?
- Are your premises leased, rented or owned?
- Why did you choose a village location for your business?
- Do you plan to move your premises in the short or long term?
- What additional amenities would help promote your business?

Given the small number of respondents a desk top analysis was undertaken.

#### **Main findings:**

- 1. Although small in number there is a wide range of business
- 2. Premises are owned, leased or rented
- 3. The large majority of business saw the benefits of their business being located close to home
- 4. Employee numbers range from 1 17
- 5. Overall local businesses contribute to the well being and sustainability of the village, employing more than 60 full or part time employees
- 6. The majority of employees are from the village
- 7. Current businesses have no intention of re-locating their premises
- 8. All business owners identified the need for improved broadband facilities with this as identified as the biggest concern .
